Subject: review of clothianidin and thiamethoxam colony feeding studies

Hi Ricardo,

Ex. 5 - Deliberative Process

Has the thiamethoxam final report for the colony feeding study been submitted yet?

Also, just an FYI that I'm helping to coordinate logistics and communications across the 4 neonic teams in EFED. Keith Sappington is still the technical lead, and by no means do I need to know all the details for every chemical, but I'm hoping to serve as a bridge between the 4 EFED branches with the neonics.

Thanks,

Monica Wait
